

How MedCerts Can Help Fill Your Vacancies

Fill your openings with our students or let us help you build your own talent pipeline.

As an online training provider of entry-level Allied Health and IT careers, MedCerts is focused on working with employers to help bridge the gap between vacancies and prospective candidates. By offering in-demand credentials and certifications, we prepare students to fill the open positions employers need most.

3 Employer Partnership Opportunities

1. Employer Partner

Organizations providing individual employment opportunities; either for an open position or to host a student requiring a clinical component to their program.

Your Benefits

- Updates when students who are ready to hire become available in your area
- 10% discount on MedCerts trainings

Your Contributions

- Review resumes of interested students and applicants
- Signed Affiliation Agreement required for clinical students

2. First Option Employer Partner

Organizations with needs across multiple locations and/or positions. We collaborate with you to provide access to our pipeline of certified graduates and increase enrollment efforts in your area to help fill your vacancies.

Your Benefits

- All Employer Partner benefits, plus:
- First access to students available in your area
- Promote your career opportunities in the MedCerts Career Center
- 10% discount on MedCerts trainings

Your Contributions

- Accept/review applications from MedCerts students
- Signed Letter of Intent to review applications from MedCerts students

3. Premiere Employer Program Partner

Organizations that want to directly address vacancies through a custom training program. Participants are recruited, both internally and externally, with an employment opportunity after completing the required training.

Training Options

- 100% online
- Blended online & at your facility
- DoL registered apprenticeships

Funding Options

- Employer paid
- Tuition assistance program
- Local workforce grants

Your Benefits

- All First Option Employer benefits, plus:
- Ready-to-hire candidates with tailored training after 4-6 months
- Quantity discounts, plus candidate recruiting & vetting services available
- Access to existing MedCerts students for additional talent

Your Contributions

- Collaborate in creating the train-to-hire program requirements
- Offer paid positions to those who complete the program requirements
- Sign program contract agreement
